Range News: All Aces Paving is at the range as I write this, Wed., installing wheelchair access paths and parking pads. All this is required under the RCO Grant from the State. Sorry for the inconvenience with range closures but they should be done by Friday. Also, 3 new shelter sheds have been placed on the archery range and two shelters have been ordered for the pistol range - we had to apply for a building permit for these. RSO Doug Sargent is working on a solar powered electrical cease fire alarm system in the rifle shed. And, Secretary Cindy has repainted the sign at the entry gate.

Grants: We have received payments on grants: State Grant for \$26,548 and Law & Justice Grant for \$3000.

Steve Douglas is working on the Friends of the NRA Grant for a concrete floor in the container shed (future clubhouse/meeting room) and a new entry gate system with electronic key pad. You folks that have a hard time with the current lock system, please be patient - we are working on it.

News Bits:

New member Ken Cadwallader won the 50/50 drawing for half of the \$56 pot at the meeting Mon. night.

Our scholarship winner, Jessie Weaver, had a conflict and hopes to attend the September meeting to give a little talk.

Our new VP, Larry Haywood, did a bang-up job filling in for Pres. Mark at the meeting while Mark is in Sturgis.

I have one little complaint: I found some paper targets half way down to Deer Valley. Please retrieve your targets when finished shooting. Everything else is great. Thanks to all for maintaining the place so well.

Upcoming Events

Banquet set for Feb. 24, 2018

Shelters at archery range

Freshly painted entrance sign

New 8 foot wide pathway ready for asphalt on Rifle Range.

Ready for asphalt on Pistol and Archery Ranges.
