UPCOMING EVENTS:

General membership meetings are

First Monday, 7 pm, Sunset Café

Board mtgs are third Monday at 7.

Another great turn out for the meeting and orientation class on Monday night at the Sunset Café. Lots of members came early to eat - great for the business for letting us meet there.

The raffle drawing was completed. We had CEPD Officer Scott Uren come in to do the drawing. Winners were:

Kerry Courter - Scout Pontoon Boat

Donna Willette - 12 ga. Shotgun

Steve Houle - 6.5 Creedmoor rifle

Aaron Culley - 24-gun safe

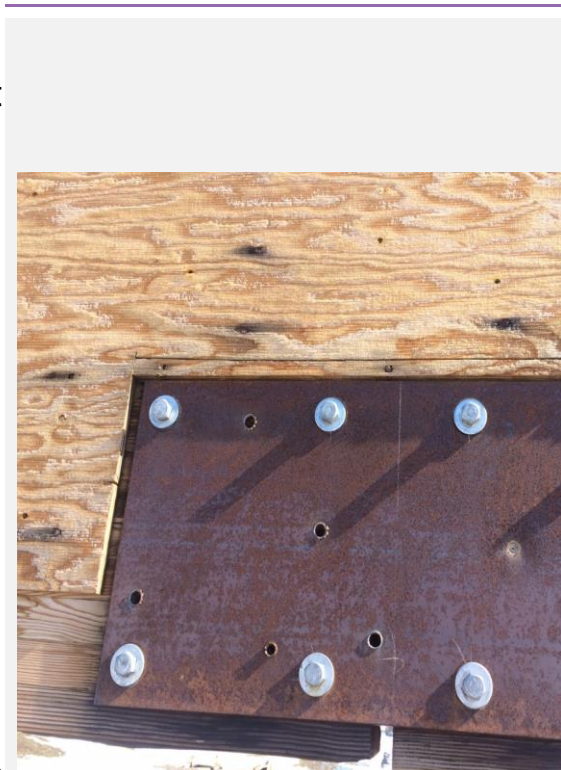

Congrats to all. We did a remarkable job getting ticket sales restarted and a lot of members stepped up. We made enough to pay for the prizes, the \$1000 scholarship, and a little left over for the club. The raffle committee did a great job - thanks.

Since Larry Haywood resigned as VP we needed a volunteer to fill in. Eric Merlbardis, wind farm manager, offered to help and the Board voted him in. He got up and gave a brief history of his involvement with the club. Thanks Eric.

A **work party** is scheduled for Saturday, April 13th starting at 8 am. The main objective is to finish the siding on the container shed. Other cleanup and misc. projects, too. More info soon.

Trap/skeet committee gave a report on the survey that was sent out. It shows 97% favorable for going ahead with plans to build this project. A lot more planning needs to be done, then bids, and grant applications.

Scholarship applications are out in the Upper County schools. The scholarship committee will meet before the next meeting

REALLY??? I thought we were past this sort of thing! This is nothing short of vandalism! And, with illegal armor-piercing ammo. See something, say something! This will be handled by The Sheriff's Office as a crime.

to go over applications received. Committee chair - Susan Kuzminski.

The Fishing Derby committee, Chair Don Frey, has started plans for the June 8th event.

Long-time member Jim Slyfield is working with the Board on plans for some CMP and NRA-sanctioned competitive shoots for the club members. Stay tuned.

A special thanks to Fred Slyfield for shoveling snow and taking trash home. Thanks to Greg Campbell for plowing snow for some parking slots. Remember, you all **own** this club - if you see something that needs done, just do it.

Wes Jones is looking for reloadable .45-70 brass if anyone has some to spare. Let me know and I will pass info on to him.

Huge turnout for the meeting. Mike Haynes won the 50/50 drawing - he got half the \$72 pot. Biggest yet.

Hunter Education classes are set for June 17 and July 8. Students must pre-register via the Dept. of Fish & Wildlife website.

Have a great Spring, get out and shoot.
