Upcoming Events

Banquet set for Feb. 24, 2018

Range News: Lots to report:

VP Larry Haywood got the rifle shed stained - it's beautiful. Joe Covey and Jim Hanson have helped a lot with moving gravel with bobcat and tractor. Larry, Rick Brzozowski, Zach Moore are working on plans for a safety baffle on rifle range. Equipment operators (and new members) Boone Badda and Terry Winter did a ton of work at the work party > re-graded pad for pistol sheds, rebuilt 125 yd berm for expansion of rifle range, holes dug for safety baffle posts on rifle range, re-grade driveway and spread gravel on archery range, holes dug for 3 future trap houses. Thanks to Pam Winter for working with Mark and researching trap range set up. We had a good turnout for the work party and we got the rest of the available tires onto the pistol berm (*need more semi-truck tires*). Also, a lot of gravel was spread around the bases of the archery sheds. Thanks Crew. Steve worked on fence repair at gate and down Hayward Hill Rd. Larry, Jerry Rockey, and Steve framed inside rifle shed for sound tiles on Monday. They, plus Terry Winter and Tad Pierce started installing the tiles on Wednesday. Finally, thanks again to Doug for installing the cease fire alarm and the spring at the gate.

President Mark Bennett and RSO Doug Sargent oversaw the first public sight-in day on Sunday Oct. 1st. They report not a lot of takers but they were busy working with members who came to shoot. This next weekend, Oct. 7 & 8 will be open for public to come in and sight in their rifles - 8 am to 4 pm.

So, are we having fun yet?

News Bits:

- Expect to see club officers present more often at the range. Please proudly display your membership cards upon request. **Do Not** share gate combo with any non-members and always keep gate closed and locked.
