

## CASCADE FIELD & STREAM CLUB

PO Box 424, Cle Elum, Wa. 98922 T: 509-670-1464

[www.cascadefieldandstream.com](http://www.cascadefieldandstream.com)

### UPCOMING EVENTS:

General membership meetings are the first Monday, 7 pm, Sunset Café

Board meetings are third Monday at 7.

**ATTENTION: Orientation is MANDATORY for all members, and guests - That means EVERYONE.** Programs given every Sat. and Wed. morning at 8 am at the rifle range. This will end when it gets too cold out there (Nov?).

You will not receive a membership card until the Secretary has the paperwork in her hands.

**Remember**, our annual memberships have always run from Jan. 1st through Dec. 31st. The 2019 membership dues will be due Jan. 1st. If you renew or join in the Fall, you will have to rejoin in January.

**Work Party** this Saturday, Oct. 6th, 8 am, to begin work on walls to enclose the container shed. Eric Reynolds has had the lumber package delivered. Mark is working with a concrete guy for the floor in the center of the building. Bring gloves, water/lunch, & ladders. We should have enough generators/tools/nail guns. Ranges will be open for shooting.

**Fire:** Someone (?) fired a tracer round out to the 300 yard targets and started a fire on the ridge. Luckily the wind was not blowing and it was put out quickly by Fire District 1 and DNR. The shooter is unknown. Please make sure of your ammo!

The Board has decided to have an extra "**public sight-in day**" on Sunday, October 7th for people getting ready for hunting season. There will be an orientation for all at 8 am, with shooting starting at 9 am through 3

## VOTE NO ON I-1639

Go to [www.voteno1639.org](http://www.voteno1639.org)

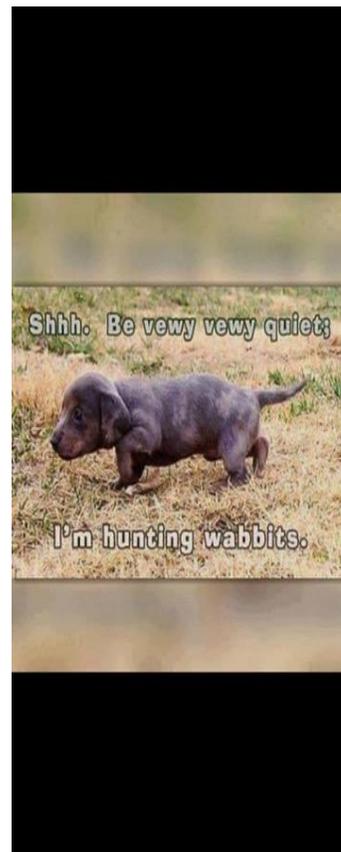

**Range Fire Sat. Sept. 15th**

---

pm. Jim Huckabay will promote this in the Daily Record. The range will be open to members as well.

### Other News Bits:

- The Wind Farm folks handled the locating for their transmission lines and the contractor drilled under the lines and road to put power from the generator across to the rifle shed.
- The Wind Farm employees have been concerned about safety while working on the turbine beyond our 400 yd targets. They discussed it with the Range Master and we could put up an orange cone and sign closing the 400 yd bench while they work there. Just in case, be sure to take a look out that way to see if anyone is working on that turbine.
- Modern firearm deer season starts on Saturday, October 13th. Be sure to take your deer tag and license to the field with you. Remember safety first. Don't forget to report your hunting activity.
- We remind members to take their trash home with them. Or, if nothing else, don't put it in the "brass" can.
- We will be getting another work party together very soon to get the baffles stained and other winterizing projects. Stay tuned. (I hope at least a few people read these newsletters??).
- We have raffle tickets available. Check the website for more info: [www.cascadefieldandstream.com](http://www.cascadefieldandstream.com)

---

Stay safe out there. Steve Rogers, Editor
